

THE FOLLOWING IS A LIST OF HEALTH CARE PROFESSIONALS FOR YOUR CONVENIENCE AND IS NOT INTENDED TO BE ALL INCLUSIVE.

This is a relatively short list of names of GP's provided by ASP families, HNI, and various embassies. I take no responsibility for the competence of the providers or for the quality of care provided.

When searching for a health care provider it is recommended that you ask others whom they have used with satisfaction and then decide for yourself whether this person is the best health care provider for you and your family. You can always change and go to a different GP if you are not comfortable with the one recommended to you.

The following doctors and paramedical services understand and/or speak English.

Please keep in mind that fees for paramedical services, such as kinesitherapists, podiatrist, home nursing, are sometimes reimbursed by insurance companies if referred by your treating doctor.

For list of names of other health care professionals please call or email our school nurse Catherine de Gueltzl 0141128273 or cdegueltzl@asparis.fr. OR Anna Giulione at annaparis@wanadoo.fr

If you would like to add a doctor's name to this list please forward the information annaparis@wanadoo.fr

HOSPITAL EMERGENCY DEPARTMENTS

Most hospitals will accept all patients regardless of age. However, there are hospitals that are better equipped to handle pediatric emergencies. If you go to a hospital that services only adult emergencies the staff will assess your child to rule out and stabilize any immediate danger and then send you to a children's hospital. (A pediatric hospital will see children up to the age of 14 and in some cases 16.)

***PLEASE REMEMBER IF YOU ARE LEAVING YOUR CHILDREN WITH FRIENDS OR FAMILY YOU MUST GIVE THEM A LETTER AUTHORIZING THEM TO GIVE MEDICAL TREATMENT WHEN NECESSARY, ESPECIALLY FOR CHILDREN WITH KNOWN ILLNESSES SUCH AS ASTHMA AND DIABETES. THE LETTER MUST ALSO INCLUDE AUTHORIZATION FOR THE CHILD TO BE DISCHARGED FROM THE HOSPITAL IN THE CARE OF THE DESIGNATED GAURDIAN.**
