Special circumstance arrangements and regulations for the APID

- A student may submit a letter from an administrator at his or her school verifying the student's mastery of a language not currently available within the AP suite of exams. This verification, printed on school letterhead, will satisfy the requirement for ONE AP Exam in the language category. However, a student who utilizes this option must submit an additional AP Exam from another content area. Thus, all students, however they satisfy the two-exam English and/or world language requirement, must submit a total of five AP Exam grades of 3 or higher to qualify for the APID.

- Students submitting verification of mastery of a language not currently available within the AP suite of exams to satisfy the requirement of one of the exams in the language category must offer TWO additional exams to fulfill the fourth requirement. Thus, all students, however they satisfy the two-exam English and/or world language requirement, must submit a total of five AP Exam grades of 3 or higher to qualify for the APID.

-Only one Calculus exam can be counted towards the APID
